

Dear friends,

NUTRICON 2018 Congress, will take place in Ohrid, Republic of Macedonia from 13 - 15 June 2018. Congress is dedicated to: Food Quality and Safety, Health and Nutrition (see: <http://keyevent.org/>).

NUTRICON 2018 is bringing together the scientific and expert work of: human medicine and dental doctors, nutritionists, food technologists and engineers to gain comprehensive insight and understanding of today's food quality, safety, health, and nutrition issues.

IMPORTANT:

- Advanced Hygienic Engineering and Design Training and HACCP Training will take place at Congress venue from 11 to 13 June 2013. You can choose one of 2 offered trainings.

-Participants can attend only the trainings, or they can join the Congress which allows reduced fees. For more see here...

-Abstract submission is OPENED. Third deadline for Abstract submission is 15st February 2018.

-Abstract submission rules and form are available at: Call For Papers.

Congress Topics:

- Food Ingredients, Food Structure, Additives, Supplements, Fortification
- Nutritional Physiology (Energy Metabolism, Immune Function, Cognition and Nutrition, Nutrition and Aging, Nutrigenomics, Others)
- Food Production, Engineering, Processing and Sustainability
- Clinical Health and Nutrition (NCDs/Chronic Diseases, Obesity & Weight Management, Diabetes, Cardiovascular Diseases, Cancer, PEM/Malnutrition, etc.) Food Analysis, Food Microbiology, Chemistry, Biochemistry, Sensory Sciences
- Food Quality and Safety
- Health and Nutritional Epidemiology (Diet/Nutritional Assessment, Malnutrition, Maternal and Child Nutrition, NCDs and Nutrition, Nutrition and Aging, Diet and Lifestyle, etc.)
- Microbiological, Chemical, Physical Hazards
- Risk analysis (Assessment, Characterization, Management, Communication)

- Abstracts (will be published in Book of Abstracts and in CAB Abstracts database)
- Posters (will be displayed at the Congress and published in Book of Abstracts in the form of Abstracts and in CAB Abstract database)
- Full papers (all full papers will be published in the Journal of Hygienic Engineering and Design - JHED, SCOPUS, CABI Full text repository database, Food Science and Technology database, German National Library of Science and Technology (TIB), University Library of Hanover and Global Health database).

BROKERAGE EVENT

Congress participants have the opportunity to join our special Brokerage Event, which is a series of exclusive scheduled face-to-face meetings between academia/research institutions and food producers and equipment manufacturers. Through this event, scientific research institutions and company representatives can promote and establish academia-industry partnerships and create new consortia for application to EU programs such as HORIZON 2020, Erasmus, and Leonardo da Vinci. Find out more...

EXHIBITION

The NUTRICON 2018 Exhibition is dedicated to specialized companies, institutions, NGOs, and related vendors, who are invited to present their latest products and services in the exhibition space. This is an excellent and unique opportunity for all interested parties to attract new customers, reaffirm long-term customer relationships and present innovative products, equipment, materials, work, and services related to the food area. Get more details about exhibitor benefits and packages...

ONLINE REGISTRATION IS OPEN

Don't miss the opportunity to participate and benefit from the NUTRICON 2018 as a major business, networking and knowledge platform in 2018. Attendees who register by 15 May 2018 will receive the reduced early registration rate.

There is special discount for:

- EHEDG and GHI members
- Students - listeners (on: undergraduate, graduate and doctoral studies). See more and Register today...

Best regards and see you at NUTRICON 2018,
Prof. Dr Vladimir Kakurinov
NUTRICON 2018 President
